WORK EXPERIENCE

2026 – Present

Full Stack Development

- Making Website for clients product
- Develop website for clients or company needs

2025 – 2026

Start up

- Making Website for clients product
- Start Learning Web Development In SMIT

PROFILE

From canvas to code, I build digital experiences that are as visually stunning as they are powerful under the hood. As a Full-Stack Web Developer and Creative Designer, I bridge the gap between aesthetic design and robust backend architecture, crafting seamless, high-performance web applications that leave a lasting impression.

EDUCATION

2025 – 2026

Learning Course of Modern Web & Mobile Application Development.

2025 – 2027

Complete Metric in 2027

EXPERTISE

Responsive designs

Frontend Design

System design & Architecture

New Ideas For Creative Design

Data Base Design

CREATIVE PRODUCTION

- Web & Digital Production
- UI/UX & Visual Design
- Asset Optimization & Visual Polishing
- UI Animations & Micro-Interactions
